

A Theology of the Jewish Christian Reality in 3 vols.

| van Buren, Paul M.

(Vol. 1 Discerning the Way, 1980, Vol. 2 A Christian Theology of the People Israel, 1983, and Vol.3 Christ in Context, 1988.) Reprinted: Lanham, MD: University Press of America, 1995

Really a mini systematic theology, van Buren is reinterpreting the Christian tradition in order to see Judaism and the Jewish people as partners on the same "Way" to the kingdom of God. This major work represents a "fresh understanding of the Way of Israel, and then of our Gentile manner of walking God's Way."
