Centre for Information, Meetings, Dialogue, Education and Prayer was founded in 1992. It is a Catholic institution, founded by the Archbishop Franciszek Cardinal Macharski in co-operation with the bishops of Europe, as well as with the representatives of Jewish organisations. The aim of the Centre, which in 1998 took the name of the Centre of Dialogue and Prayer in Auschwitz and was built in the neighbourhood of the Auschwitz concentration camp, is to create a place for reflection, education, sharing and prayer for all those who are moved by what happened here. Website in Polish, English, German, French and Italian.
