

From Catastrophe to Power: The Holocaust Survivors and the Emergence of Israel. University of California Press, 1998

"In my opinion From Catastrophe to Power is the most remarkable book on the twisted relation between the Holocaust and the creation of the State of Israel. It brilliantly shows how a group of clever people, namely the Mossad, organized the clandestine Jewish immigration in Palestine from 1945 to 1948, paving a way for crude politics in the midst of tragedy."--Pierre Vidal-Naquet
