

Healing Hatred: Spiritual Challenges in a Context of Political Conflict

23.04.2017 | JCR

Annual Conference of the International Association of Spiritual Care (IASC).

The second annual conference of the International Association of Spiritual Care (IASC), on the theme of *Healing Hatred: Spiritual Challenges in a Context of Political Conflict* will take place in Jerusalem and Bethlehem July 9-11th 2017, inspired by the joint project of the same name conceived of and implemented by the Hebrew Union College – Jewish Institute of Religion, the Rossing Center for Education and Dialogue (formerly the Jerusalem Center for Jewish-Christian Relations) and the Holy Land Trust.

This project is a pioneering and innovative application of the tools and concepts of spiritual care to the field of intractable conflict and interreligious peacebuilding. The 2017 conference will create a ground-breaking opportunity for academics and professionals from the fields of spiritual care and interreligious peacebuilding to come together to consider how their fields overlap, and how, in a world increasingly fractured and broken, we can find new paths to healing and to overcoming enmity and division.
