

Kot, Silvia

Silvia Kot is a professional translator and editor. She has translated several novels, historical essays and philosophical works as well as many periodical articles from English and French into Spanish. Her particular interest in the Jewish-Christian relationship led her to religious studies, especially in Bible and Christian Theology. As a free-lance journalist, she writes and publishes Spanish articles mostly about the Christian theology of the so-called "mystery of Israel," with special focus on its development since the Shoah. She is the Spanish editor of this Web site.
