

Anti-Judaism in Christian Theology. Philadelphia: Fortress Press, 1978

| Klein, Charlotte

A generation or two of Christian priests, ministers and educators have been influenced by the work of such leading European (mainly German) scholars as Dibelius, Schurer, Grundmann, Bultmann, Bornkamm, Noth, Jeremias and von Balthasar. In this work Sister Charlotte Klein N.D.S. pinpoints those places where their writings evince clearly misreading and damaging statements on Judaism and Jews.
