An ongoing survey of manifestations of racism, xenophobia, and, especially, antisemitism throughout the world. www.axt.org.uk/

Antisemitism and Xenophobia Today/AXT publishes high quality analyses of manifestations of racism, xenophobia and, especially, antisemitism, against a backdrop of the more general social and political contexts in which such manifestations occur. AXT is resourced and maintained by the Institute for Jewish Policy Research/JPR, an independent think-tank based in London.
