

Fundamentalist-Evangelicals and Anti-Semitism, Valley Forge, Pennsylvania: Trinity Press International, 1993

| Rausch, David A.

Assertion of theological triumphalism and, particularly with regard to the Jewish people, supersessionism still breeds phenomena like the 'holocaust denials' in right wing groups. Rausch helps us to analyze and evaluate the phenomena of fundamentalist evangelicalism and suggests ways forward to enable the old, often true, dictum 'the more fundamentalist Christians become, the more anti-Semitic they become' to lose its force.
